OPS[®] PATENTED INDESTRUCTIBLE RESTROOM DISPENSERS

THE OPS SOAP DISPENSER IS THE ONLY ONE THAT PASSED THE TEST!

The OPS[®] Vandal Proof Soap Dispenser is the only dispenser to pass the stringent EXPLOSION test of the US Department of War, formerly DOD. OPS[®] passed the *HULL STRUCTURAL GRADE B SHOCK TEST and was awarded the highest rating!

*The Hull Shock Grade B Requirement/Approval was determined with a complicated series of computer simulations performed by Naval Engineers and Ship Builders to determine if any soap dispenser could stand up to the "Explosive Testing" simulation, a real-life situation aboard Naval ships.
